

RESIDENT APPRECIATION DAY

WORCESTER DROUGHT

Last month the city instituted a mandatory water conservation program. Please help us do our part by reporting running toilets or water leaks as soon as you notice them.

Thank you in advance for your cooperation.

DID YOU KNOW?

Jeff Ray celebrated his twelve year anniversary at Highland House in May of this year. In one of his past lives he was a dive boat captain in Puerto Rico.

What a great event!

The weather almost cooperated the afternoon of our event. A passing shower didn't dampen the mood as residents, staff and friends gathered for food, drink, talk and renewed friendships.

TREE PLANTING

Joseph & Sara have selected a Flowering Dogwood to commemorate their nuptials. Unfortunately, due to persistent drought conditions the Worcester Tree Initiative is postponing the tree planting until spring.

INSURANCE REMINDER

Insurance binders need to be updated with the office upon lease renewals. Please bring your policy by the office when your rental policy renews.

AND THE WINNER IS..

Bev Krueger was called upon to pull the winning ticket of last month's drawing for a \$50 gift certificate to the Sole Proprietor restaurant group. We are happy to announce that the gift card went to **Ursula Shea**. Stay tuned for future drawings.
