POWER OUTAGE CAUSES HUGE INCONVENIENCE

Sometime after midnight on Friday July 28th there was a major power failure from a blown transformer access the street at Doherty High School. As you are aware power was not fully restored until 8:00 Saturday evening. We want publicly thank Jon Radin for going over and above the call of duty in assisting tenants and keeping people updated.

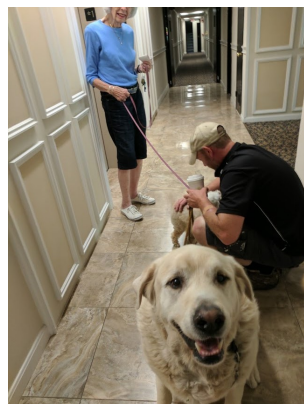

MICRO BURST
 Wednesday August 2, we experience a a micro-burst of 3.5" of rain in a 20 minute period, along with hail. The parking lots, and garages were inundated with water. The event was a most unusual display of Mother Nature's fury.
