

END OF SUMMER BBQ

UPCOMING EVENTS:

Sept- Pizza event

October-

GARAGE DOOR PROTOCOL

When approaching an open garage door.....
ALWAYS press your garage door “clicker” for safety, even if the door appears to be open.

IDENTITY THEFT

ALWAYS shred mail or other personal papers that may contain your personal information. Keeping your identity safe from theft starts with this basic precaution. Be aware of scammers.

VIDEO CAMERA SYSTEM

GARAGE PROJECT

This month we begin work to mitigate the ice and water problem by building a catch basin and piping the water away from the building side of the garage.

MAINTENANCE REQUESTS OR SUGGESTIONS?

Stop by the office and share your thoughts and ideas with us. We welcome the feedback, or e mail us at:

SUMMER BBQ EVENT WELL ATTENDED

Our end of season BBQ bash was well attended. On Friday, September 2, we had over sixty tenants, staff and guests. Mother nature provided us with a perfect day to celebrate the near completion of our outdoor project. Jeff and Val’s deviled eggs and *world famous* baklava were a huge hit. We were inundated with notes of tenant appreciation and requests for another BBQ event next summer. A hearty round of thanks to Laurie and her staff from The Sole Proprietor who help with serving, cooking, and set-up.

NEW WINDOWS FOR END UNITS!

We will resume our replacement window project of all end unit side windows and hallways. These windows will be easier to open, (like a standard window), and will help conserve energy. Over the following days, Joseph will be contacting end unit tenants to schedule the installation.
