

## INTRODUCING SARA!

### WORCESTER DROUGHT

As we slog through the summer under a drought watch; Worcester County has been hit hard the past five months with unusually dry weather. We remind our residents to continue to be cognizant of the situation and conserve where ever possible. Our typically green lawn has been more of a challenge to keep in top shape this summer. We are under mandatory restrictions.

### WE ARE PROUD TO ANNOUNCE

On Saturday July 16<sup>th</sup> Joseph Lariviere and Sara-Kelleher were married in an intimate beachside wedding ceremony in Hyannis MA.

The weather cooperated beautifully, and the couple were married by Ray Mariano, Joseph's cousin, surrounded by family and friends.

We wish the newlyweds happiness and joy in their future lives. Through the generosity of many tenants, a significant contribution in their honor was made to the **Worcester Tree Initiative**.

The Initiative will have Joe and Sara select a tree of their choice, and a plaque will be permanently placed next to the tree to commemorate their marriage.

### GARAGE SPRUCE-UP

We hope you like the cleaned-up look and privacy created by the security slats and new fencing. We will be finishing off the project with a canopy matched with the garage entrance.

### KEY FOBS

During the month of August we are offering our keyless-entry door fobs for the discounted price of \$25 (normally \$35). Contact Joseph or Gerry to get yours today!
