

**FINALLY.. A MAKEOVER FOR
 SUBURBAN ROAD!**

**BEWARE OF
 TELEPHONE
 SCAMS!**

During the past month several residents have stopped by the office mentioning disturbing calls from the IRS demanding collection on a past due account. We thought it's a good time to repeat our warning to HH residents:

- ◆ **The IRS does NOT call demanding payments.** All official correspondence is in writing!
 - ◆ **The IRS will NEVER threaten you for failure to pay back taxes.**
 - ◆ **Never give your SS number, date of birth , or credit card information to anyone stating that they are an IRS agent.**
- STAY VIGILENT!**

**Suburban
 Road**

Over twelve years has passed since the City approved the paving of Suburban Road! We brought the issue up and petitioned the City Council three years ago to make good on their promise.

Finally we have a nice new road that is pothole free! **We have been informed that new sidewalks and curbing will follow.** For your information, Councilman Gary Rosen was instrumental in helping to make this project happen.

**SHOPPING
 CARTS**

We have purchased several personal size wheeled shopping carts for our residents, and are selling them below our cost, at \$15 each. First come first serve!
