

HAPPY NEW YEAR!

THE YEAR IN REVIEW!

The complete refurbishment of our twin elevators was completed in 2018, including the cabs. Our slider replacement program is progressing at a measured pace. Building-wide, we are 48% complete and plan to accelerate the pace of the program next year.

Additional plans for 2019 will be to replace the main side entry door.

REY & PAPPI HONORED!

We had the honor of totally blindsiding Rey and Pappi with a pair of official citations from the Massachusetts State Senate honoring them on the momentous occasion of them both becoming United States citizens. The citations were signed by the President & Clerk of the Senate, and by the citation's sponsor, Senator Harriette Chandler. We are so proud to have such wonderful people here at HH.

YOUR THOUGHTS PLEASE

We value your ideas and recommendations to help make Highland House the best that it can be. Please pass on your thoughts to the office anytime.
