

WELCOME SUMMER!

TAKE A MOMENT AND SMELL THE FLOWERS!

The grounds are coming alive with beauty and color everywhere you look. Take a few moments to go the long way over to your car. Spend a few minutes walking the grounds. There is beauty in the details from all the flowering trees, the blanketing Coreopsis Zagreb, Wild Iris, to the rapidly growing Black Eyed Susans and beautiful Rhododendrons. We hope you enjoy them as much as we

enjoy making them thrive for you.

ELEVATORS ARE COMPLETE!

Thank you for your patience. We thought you'd like to know that both elevators are complete, fully inspected and operational. The rebuild also serves to increasing elevator accessibility. By lowering all floor buttons the elevators are now comply with wheelchair accessibility requirements. You will also note that there is an audible "dings" as the cab approaches a floor, the purpose of which is to increase accessibility for sight impaired people.
