

# DISCOVER YOUR NEIGHBORHOOD!

## DISCOVER ELM PARK

If you are not familiar with historical Elm Park, consider taking a short walk around the corner and down the street. Did you know that the land the park resides on was purchased in 1854, making it one of the first public purchases of land expressly intended for use as a municipal park in the United States? Watch the local news for the annual food truck, ice cream, and art festivals. This gem of a park is right in your own back yard.

## SLIDER PROGRAM

We are closing in on nearly 60% completion of new sliders throughout the building. Please pardon the inconvenience as we bring in the new and take out the old.

## BALCONIES

Jeannette and her daughter Leslie are HH's *Dynamic Duo*. They've been diligently power-washing the decks and the fascia surfaces throughout the building. We are reminding our residents that it is your responsibility to care for the cleanliness of your own balconies.

Balcony floors are easily mopped for a beautiful outside summer living space. Please use the laundry room to dispose of your mop waste water.
