

## OUR ARBORETUM GROWS!

### WEDNESDAY MEAL DEAL!

Thanks go out to Joedy Cooper, Pat Couture, Barbara Student, and others in offering a really nice lunch with a varied menu on Wednesdays. What better way to socialize than over soup, sandwiches and dessert than in the Resident Lounge? The turn-out has been excellent, and feedback we have received is nothing but positive! We love our residents!

### TREE PLANTING

On June 6th the Worcester Tree Initiative joined about twenty residents and staff as they planted the latest addition to our arboretum with a Flowering Magnolia Tree. FYI Highland House is one of five arboretums in Worcester, including: Holy Cross, Hadwen, Green Hill, and Dodge Park. The Worcester Tree Initiative has planted over 19 different species on our grounds. Take some time to stroll the grounds and take in the beauty of the diversity of our trees. This beautiful tree was planted in memory of a loved one at the request of two HH residents.
