DID YOU HAPPEN TO NOTICE?

We had an unexpected visitor on the grounds Saturday morning August 9th. This young male had the beginnings of small rack of antlers, and seemed totally unfazed by the presence of Jon & Gerry taking his picture. It is not that common to see a deer in the front yard just lollygagging around. We thought you'd enjoy it.

SCAM ALERT

Beware of the latest scam out there...Do not respond to calls from National Grid telling you that you have a delinquent account. Recognize the common signs of a scam including:

- ♦ Threatening phone calls demanding payment

(scams continued)

- ♦ Asking for personal or specific bank account information
- ♦ Insisting on a specific, often non-traceable, form of payment, such as gift cards.
- ♦ Providing an unfamiliar callback number

STAY VIGILENT!
