

# HAPPY SAINT PATRICKS DAY!

## PREVENTATIVE MAINTENANCE SCHEDULE

This month we will begin our bi-annual preventative maintenance program. Please bring to Jeff's & Rey's attention any items that you have noticed that may need attention. We are particularly interested in any faucet drips, or water penetrations. We will be changing filters and inspecting all your apartment systems to make sure that everything is properly working.

## A BEAUTIFUL READING

If there is to be peace in the world, there must be peace in the nations. If there is to be peace in the nations, there must be peace in the cities. If there is to be peace in the cities, there must be peace between neighbors. If there is to be peace between neighbors, there must be peace in the home.

If there is to be peace in the home, there must be peace in the heart.

Let's all work together to find peace in our hearts and our homes by understanding our neighbors, their concerns and finding a solution to minimize conflict in our community.
